Pertinent Paragraphs

Eagerly siezed upon by the various anti-tobacco organizations will be the item chronicling the death of Steven W. Marshall, Bakersfield oil worker, who strangled on a cigar stub he had been chewing.

Assemblyman T. M. Wright Tuesday witnessed the crowning of his efforts when Governor Young signed the Wright old age pension bill, which provides for the support of California's aged when other means are lacking. A good job, Mr. Wright.

A headline in a San Jose daily asks, When IS a Man Drunk? We offer the following: "He is not drunk who from the floor can rise again and drink once more, but he is drunk who prostrate lies and cannot either drink or rise.

Palo Alto this week has a new ordinance barring dogs from stores where food is sold. We believe the law includes costly "pekes" and poodles. Rather a sensible ruling, in our opinion—not that we dislike canines—far from it—but we do dislike to see the dirty brutes sniffing of our potential dinner in a food store.

Bill Williams, Texas peanut pusher, is piloting a "goober" up Pikes peak with his nose. Simply a case of nut pushing nut.

Wednesday the Colton, Calif., union high school closed because of a lack of funds. Fifty-five seniors were forced from school without the diplomas for which they have worked the past four years. Students and faculty wept when the school was closed. Failure on the part of the voters to authorize a $25,000 bond issue at a ballotting Tuesday halted the education of approximately 350 students. It seems to us that if the citizens of the community will not carry on, it is the duty of the state to step in and relieve the situation. That the continued education of 350 youngsters is not worth $25,000 is unthinkable.

Out of a maze of headlines blazing the news of murders, divorces, lynchings and assaults in Thursday's papers, one singles out with pleasure the caption, Out of the Shadows. The story is of a two-year-old boy, blind since birth, who has gained the use of his eyes through a series of surgical operations. That's real news.

Lindbergh married Anne Morrow and eluded members of the press who sought to make public details of the marriage. We are glad for them both.

That's all.

NIGHT SCHOOL CLASSES ARE ALL DONE FOR YEAR

Mrs. A. Roberts, teacher of millinery and dressmaking, and Miss Marion Marticcia, teacher of arts and crafts in the Campbell high night school, will be through for the year next week. They both report very satisfactory classes this year.

E. A. POWERS, WHO TAUGHT HERE, IS MOURN'D AT CHICO

Edward A. Powers, former instructor in the Campbell high school and for the past 18 years head of the English department of the Chico, Calif., state teachers college, died at his home in that city last Wednesday morning of embolism of the brain. Death followed a minor operation, performed at the Powers home.

Mr. Powers was 53 years of age and had spent his life in educational work. For four years he taught in the local high school. At Chico he is mourned as the most popular member of the faculty. C. M. Osenbaugh, president of the college, said, "It will be impossible to ever fill the place of Edward Powers in our school.

While in Campbell Mr. Powers became affiliated with Charity lodge No. 362, F. & A. M., in which lodge he retained his membership. His wife was Pearl Bohnett, and many members of the Bohnett family attended the funeral at Chico.

The poem reproduced here, indicative of the high regard in which Mr. Powers was held by students of the teachers college, appeared in the Chico Wildcat, weekly publication of that institution:

To Our Friend, E. A. Powers

Afriend alike to every man
No matter what the cause might be.
With ever a word for everyone
And a cheerful smile for all to see.

Gone from us now, without return,
A void we cannot hope to fill;
Leaving us wondering, alone and sad—
Why must it be the Master's will?

But peaceful all, his dreams shall be
Untroubled in Eternity;
And on—and on—his deeds shall ring,
His goodness every man shall see.

In body we have lost a pal,
A great, and all enduring friend;
But long his spirit shall preside
Self-sacrificing—to the end.

His faith we'll treasure through the years
As priceless as the rarest stone;
And human hands, all else may part
But part him—never—from our throne.

—C. J. Rannells.

REV. G. A. POLLARD RAPS WAR IN TALK ON MEMORIAL DAY

Voicing the thought of all right thinking people the Rev. G. A. Pollard of Los Gatos, who delivered the union memorial sermon Sunday evening, rapped war and urged every one to do his or her part in saving the world from the devastation of another great war.

Facts point indisputably that way unless world-wide public opinion is so aroused that steps are taken that will mean the end of any desire for war—universal conscription of people, money and property; no individual manufacture of munitions and other war supplies, according to Rev. Pollard.

No one could fail to feel that a deep responsibility rests upon humanity to do its utmost in the promotion of every possible agency working for the better understanding between the nations and to curb the preparations for war.

An anthem by the choir and an appropriate solo by Stephen Merrill added to the impressiveness of the service.

LOCAL SEA SCOUTS BATTLE GALE, SHIP BROUGHT TO PORT

Five Campbell Sea Scouts proved that they were real seamen when they brought their small craft safely into port after fighting one of San Francisco bay's roughest storms for three hours. Early in the morning they had sailed to Redwood City to inspect a vessel and had started back when the storm broke.

All other launches and yachts had been called back into the shelter of the basin, but the scouts didn't want to lose their boat and also wanted very much to make the round trip. The motor went haywire, the mast broke and the sail was lost but they brought the boat into Alviso with all safe on board.

The scouts, in charge of Scoutmaster Eugene Grattan were Lloyd Brown, Miles Standish, Howard Duff, Harris Gardner and Henry Ruthnick.

Miss Mildred West of San Jose and Stanley Marcheski of Hollister were married Wednesday evening at the home of the bride's parents, Mr. and Mrs. Charles E. West, at Paito Alto.

The wedding was a very quiet one, only members of the family being present. Following the ceremony Mr. and Mrs. Marcheski left for a honeymoon at and in the vicinity of Los Angeles, after which they will make their home at Hollister, where the groom is engaged in business.

The bride is a neice of Mrs. J. C. Ainsley and is known to a number of Campbell people. She has been for some time employed in the office of the Pratt-Low company.

ALUMNI DANCE AT CAMPBELL IS SET FOR GRADUATION

The 1929 class of the Campbell union high school, together with their class advisor, Miss Clarbell Boesch, will be guests graduation night, June 14, of the Campbell High School Alumni association, according to Dan Yeager, chairman of the committee in charge of preparations for the dance and card party which will be held in the high school annex, starting at 9:30, at the close of commencement exercises.

Music for the dance, a small admission to which will be charged alumni members, will be furnished by a San Jose orchestra, and every effort will be made to secure the attendance of all available alumni.

There exists a small deficit from the alumni banquet recently held in San Jose, and it is the hope of the committee to raise enough money on the dance to pay for that affair and also help pay the deficit.

GIRL'S LEAGUE OF LOCAL HI PUTS ON DANCE PAGEANT

Entitled "The Spirit of California," a pageant in four parts interpreting part of California's history through a series of dances, was presented last Friday evening in the high school gymnasium by members of the Girls' League of the Campbell High School.

This was the first entertainment of its kind to be attempted by the organization and was very well done. The costuming was very appropriate and attractive, evidencing much time and thought in its execution.

The dances in order were: Early California, Spanish background—Espanawaltz, Waldteufel; Tripoli, Tripolo; Cielita Lindo, Mexican waltz; "Spirit of Adventure," Amaryllis by Ghys. Pioneer days in the mining camps—Newsboy clog, "White Cockade;" Forty-Niner clog, "Oh, Suzanna;" Lancers, "Folks Around Camp Have a Jollyup;" Hurdy-gurdy waltz clog, "Annie Rooney."

Participants were Vesta Anderson, Genevieve Burright, Anne Batinick, Phyllis Burton, Dorothy Burton, Eleanor Beatty, Harriett Barnes, Pauline Castello, Genieva DiFiore, Della Del Grand, Lorraine Darsey, Margaret Emler, Dorothy Enderson, Katherine Eitzert, Rose Fisci, Elizabeth Ferro, Marian Fisci, Wilda Frank, Louise Frietas, Loretta Farley, Pauline Guida, Sara Guida, Eva Gurkovich, Helen Gartner, Ada Gardner, Nadine Gruwell, Virginia Harris, Mary Jackson, Evelyn James, Harriet Johnston, Mildred Johnson, Ethel Kirk, Edith Keesling, Chyoye Kurasaki, Fay Lovell, Anna Lavoi, Wilhelmina Le Grand, Lois Lloyd, Alberta Lantz, Annette Merrill, Antoinette Malvini, Theresa Mannino, Mary Maxon, Ester Nelson, Phoebe Payne, Mary Prestizuamo, Anna Ribisi, Lorraine Ribisi, Clara Rice, Edna Soutar, Mildred Smith, Mary Sawtelle, Dolores Stewart, Margaret Semichy, Mildred Snyder, Mary Rossotto, Antoinette Simeone, Helen Stray, Ann Scarsur, Fern Sargent, Virginia Tressler, Dorothy Todd, Emma Ruth Wing and Muriel Wilson.

SISKIYOU COUNTY SUPERVISORS PAN RAIL EXTENSION

Unnecessary rail extension in northern California is challenged as uneconomic and wasteful and likely to impose a burden on the public in a resolution unanimously adopted by the Siskiyou county board of supervisors, which has decided to intervene before the Interstate commerce commission against the proposed duplicating rail service of the Great Northern-Western Pacific.

Word of this action was received here today by Charles Berry, agent, of the Southern Pacific company.

The Siskiyou supervisors maintain that since Southern Pacific's two lines running north and south in northern California afford ample transportation to that area that another line would merely divert traffic from exising lines without conferring any benefit on the shipping or traveling public.

The chamber of commerce of Ogden, Utah, also has just gone on record as being opposed to the proposed rail construction of Great Northern-Western Pacific between Klamath Falls and Keddie as an unnecessary venture which may add a burden to commerce that the public must pay.

SWEEPSTAKES PICTURE DISPLAYED AT THE P. O.

As stated in a recent issue of the Press the Gordon Ainsley gardens won the sweepstakes prize for floral display at the Fiesta de las Rosas, a beautifully colored painting of the Japanese cherries in the park at Washington, D. Miss Jessie Lewis and Mrs. Ben Austin will entertain the Women's guild of the Congregational church at the Austin home this afternoon.

JUNE BRIDES

The month of marriages is here. Of course every month is a month of marriages, but June seems especially to abound with them, and there has always been an additional halo of romance over marriages that take place in June.

That is as it should be, for June in itself is beautiful and romantic, the glorious month of roses.

What better time to wed than when the fields are abloom with flowers, and the sweet song of birds is in the air?

What better month for honeymoons?

Young man—young lady—if you are engaged or expect to be shortly—why not seize the oportunity to make a June wedding of it?

And while we are on the subject, let's not forget the brides of former years. Remember those who married in Junes of the past with tokens of your affection—perhaps, indeed, your mother too was a "June bride."

MEMORIAL DAY

Since last a day was set aside in honor of departed soldiers, the ranks of the great war heroes have been thinned by the passing of Marshall Foch.

One of the great generals of all time, his brave spirit now belongs to eternity. Like many great generals, he espoused peace with all his might and main, yet proved a fierce and unrelenting warrior when struggling for a righteous cause.

Significant was the coupling of his name with that of the Unknown Soldier at the time of his death. Beautiful was the thought of saluting them both—one the greatest general, perhaps, of the World war; the other, unknown, obscure.

It is in that spirit that Decoration Day should be observed, reserving our honors not only for the famous and glorious, but dividing them as well among the humblest of those who have served their people in a common cause.

Our tributes of gratitude and love must embrace all those who gave their lives—with equal emphasis for the rulers and the ruled, the mighty and the humble, the known and the unknown.

Prefers to Farm

Gen. Juan Vincente Gomez, 72, unanimously elected to the presidency of Venezuela, declined, saying that he wished to return to agricultural work. He had been in power since 1909.

GRANGE NOTES
By F. S. Newcomb

Mrs. B. F. Tolle spoke on education before the Grange Tuesday evening. Her talk was mainly along the line of personal experiences of school life in the country and was greatly enjoyed, especially by those of us who were raised in the country. Her recital of poems from the old readers and the many rules and definitions in our grammars which we had to learn and yet didn't know the meaning of half of the words, recalled especially to the older members experiences of earlier days. Then there were the copper toed shoes she hated so much she pried them off as soon as an opportunity presented itself. And in those days the teachers who whipped the most were considered the best teachers and most of us got our share of that kind of instruction. Still, it is sweet to recall those childhood days and the many playmates now scattered to the four winds or gone to the great beyond.

The Grange orchestra entertained with two fine pieces of music, followed by a dance by the two little daughters of Mr. and Mrs. Calvin Bohnett, their mother at the piano. The dancers were dressed as gypsies, with red skirts, black and yellow waists and green sashes.

The lecturers hour was brought to a close with three more renditions on the part of the orchestra.

Mr. Harms o fthe garden committee spoke of the peculiar fact, known to but few people, that no single specia of plants contain or produce flowers of the three colors of red, yellow and blue. Attempts are being made by florists to produce blue flowers by those which have all the other colors. Some slight degree of success has been attained in the rose, producing a sort of muddy blue, but no distinct blue rose is known ,and there are petunias with a pure yellow flower, and pansies have been produced with a reddish shade but no pure red ones.

Mr. Keesling spoke of the pronunciation of gladiolus—Webster gives it with a long 'i' but the American Gladiolus society at a meeting in Rochester, N. Y., in 1925 adopted gladiolus with a short 'i' and the accent on the long 'o.' They are no doubt the best authority in this country and have requested the publishers of dictionaries, encyclopedias, floricultural works, etc., to accept the society's ruling. Mr. Keesling also said that gladiolus bulbs may be planted all through June, thus keeping a supply of these beautiful flowers until late fall.

Mr. Harms said in cutting roses always cut the stems as long as posible, only leaving one or two buds on the stub. The remaining buds make a strong growth and much finer roses than when too many buds are left.

Several members spoke pro and con on legislative bill No. 397, in regard to the reorganization of the agricultural department. On motion the Grange voted against the bill.

Mr. Husted spoke of the improvments on the Big Basin road and urged that some action be taken against cigarett advertising on billboars.

Betrothed?

It was reported that Elizabeth Morrow, of Englewood, N. J. sister of Anne, fiancee of Col. Lindbergh, is engaged to be married.

WILL PRESENT PIANO PUPILS IN A RECITAL

Mrs. Emily Pannell Gard will present her piano pupils in a recital Thursday evening, June 6, at the community hall. The program will begin promptly at 8 o'clock.

Miss Patricia Smith, a former pupil, will present a group of piano numbers. All friends of the pupils and those interested are cordially invited to attend.

KIWANIS NOTES

A noted club was the guest performer at Tuesday's luncheon when Palo Alto Kiwanians gave the program. The club is noted because of its noted membership, President Hoover and Ray Lyman Wilbur both being honorary members. Jackson Ralston ,an international lawyer of renown, of Palo Alto club, had the distinction of presenting Mr. Hoover his club pin. He told of some of the interesting points of Washington, stating that our capital city is the most beautiful city in the world.

Leon Reynolds, Paly president, took charge of the meeting and called on the club quartet for several numbers.

Attorney James Taylor of the "Tall Tree" gave a very instructive talk on legal and business standards, showing the tendency of service clubs to raise the business standards even above the legal standards which are the only control of the unscrupulous.

George Burrow, the never-tiring builder, reported that work was steadily progressing on the Scout-Campfire building.

Ralph Hyde reported that Richard Werner will give the "Story of the Hobo" next Tuesday noon and as the scramble of eligibles for chairmanship had been so pronounced he had selected on of the first estate, namely, a Royal Page, to act. Old clothes will be the style.

POLICE DISTRICT PETITION IS BEING CIRCULATED HERE

A petition to the board of supervisors for the formation of a police district similar to the fire and lighting districts in Campbell has been prepared by Dr. W. I. Merrill and is being circulated for the necessary 50 signers.

Wednesday and Thursday evenings, June 5 and 6, Orchard City Grange and S. W.Dodds have arranged a benefit show at the Campbell theater. The picture will be "The Awakening," starring Vilma Banky.

Members of the Country Woman's club picnic committee again wish to call attention to the fact that the club will enjoy its annual picnic Monday, June 3, at Congress Springs park. Members and their guests will meet at the library at 10 o'clock. Each member will furnish dishes, including cups and utensils for herself and guests, also sandwiches and a dish for the table. The committee will furnish coffee.

SUSI'S AIRSHIP.
OTHER AIR NEWS.
$200,000,000 A YEAR.
THE KING RETURNS.

Susi, female gorilla, passenger on the Graf Zeppelin, interests the crowd more than the real lady passenger.

Susi slept or rested calmly in her cage, through all the high wind and buffeting.

Proud man thinks, "Poor Susi, she did not even know she was floating through the clouds in an airship. Man set her sailing, she had nothing to say about it."

What about us, Susi's second cousins? Not one in 10,000 white men realize that he is afloat in space, on an airship, the earth. God set us floating, as Susi's owners set her flying.

It's a wonderful airship that we inhabit, heavier than if made of solid steel, whirling round and round, its slowest speed 1,000 miles an hour, on its axis, its speed around the sun more than 1,500,000 miles a day, 60,000 miles an hour, 1,000 miles a minute.

Ours is a real airship going off through space, somewhere, with the sun. And we know and think as little about our real journey as Susi knew and thought about her trip.

Don't despise Susi.

Human nature is fundamentally good with all its fighting and slaughtering. The French hesitated to let the Zeppelin fly over French territory—too many opportunities for taking photographs, useful in later wars, perhaps.

But when the big ship was in trouble, French soldiers were sent to help, French landing fields and hangars were offered, and at this hour French and German mechanics are working side by side, putting the big dirigible in order.

Colonel Lindbergh announces regular mail service between New York and Buenos Ayres in eighty hours. Later the line will be extended, and Lindbergh will start the line, as pilot. Marriage, evidently, will not moderate his flying.

Those that oppose the debenture scheme for "farm relief" announce with horror that the "farm bounty plan" MIGHT cost the Treasury $200,000,000 a year. That wouldn't be much if it gave genuine farm relief.

The trouble is that the "debenture" or bounty plan would add many millions to profits of middlemen who do all the exporting and little if any of the bounty would reach the farmers.

King George has returned to his favorite residence, Windsor Castle, with years of life promised by doctors.

Loyal subjects turned out to cheer their king.

Newspapers print his picture headed "Long to Reign Over Us."

The idea that men do not want to be ruled is a mistake. To be ruled is exactly what they DO want, and to be freed from responsibility of self rule.

It is painful for a dog to walk on its hind legs, painful for human beings to rule themselves and think for themselves.

"Now I'll Tell One!"

By FRANK

THE mail order folks, the "bargain bunch" and some others have been bragging a lot lately about their prices on tires. Maybe you've got to sort of thinking that they had something on me, with my Goodyear Tires built by the world's largest rubber company.

So I'm going to bust right out here in meeting and "tell one" that'll hold 'em all for a while.

Folks, today at prices in line with mail order, "gyp," little known or the usual second-rate tires, I can give you a real "head-liner" in a guaranteed Goodyear.

It's as good looking as most of the highest priced types—and a better tire than many manufacturers parade as their best. Its new improved 1929 tread is a bear for mileage and hugging the road. It is the only low-priced tire with a genuine SUPERTWIST carcass. It's a "head-liner," I repeat—a real Goodyear Pathfinder and lifetime guaranteed!

The reason it has everything else skinned in its price class is this: Goodyear builds millions more tires than any other company and so enjoys lowest costs. Who else, therefore, is in position to equal Goodyear quality at Goodyear prices?

That's the answer—and don't ever let anybody else's "price" talk you out of The World's Greatest Tires!

CHORUS GIRLS CAN EAT AGAIN

Producers of musical comedies and the great couturiers of New York and Paris have united in announcing that the boyish figure is passé. No longer forced to starve themselves to a shadow, the girls of the Varsity Drag Chorus of "Good News", the famous Broadway production, thoroughly enjoy a wholesome snack after the show is over and before changing into street clothes. Freedom to satisfy their normal craving for sweets and other foods that supply energy is a big help to them in setting up a new standard of "pep" for Broadway to catch up to. THE DUAL-Balloon "8" achieves two notable forward steps in tire progress. For the first time the greatest mileage apaccity and the maximum of low-pressure riding luxury have been brought together in one tire.

And this extra cushioning has *many* advantages—extra protection for the car investment; a noticeable saving in upkeep cost; and the satisfaction of riding without annoyance of body squeaks and rattling parts.
